

SHUBHOJIT DEB

Full Stack Developer | React.js & MERN Stack

Kolkata, West Bengal, India • +91 8336819093 • shubhojityes@gmail.com • [linkedin.com/in/shubhojitddev](https://www.linkedin.com/in/shubhojitddev) • portfolio-shubhojit.vercel.app

PROFESSIONAL SUMMARY

Computer Science graduate with strong front-end expertise, experienced in building responsive, interactive web applications using React and Tailwind CSS. Currently expanding into full-stack MERN development (Node.js, Express, MongoDB). Focused on clean code, performance, and polished user experience.

EDUCATION

Degree	Institute	Board / University	Year	Score
BTech CSE	Sister Nivedita University (SNU)	Sister Nivedita University	2025	7.12 CGPA
Class XII	New Barrackpur Colony Boys' HS	WBCHSE	2021	85.2%
Class X	New Barrackpur Colony Boys' HS	WBBSE	2019	80%

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript

Backend: Node.js, Express.js, REST APIs, API Integration, Sequelize, Payment Gateway Integration, Authentication & Authorization, Middleware

Frontend: React.js, Next.js, Tailwind CSS, Animation Libraries (GSAP, ScrollTrigger, Framer Motion), HTML5 & CSS3

Database & Auth: MongoDB, MySQL, Firebase Auth, JWT, Sessions & Cookies

Tools & IDEs: Git, GitHub, Postman, Vercel, VS Code, Trae, Google Antigravity

Design & Office: Figma, Stitch, MS Excel, MS PowerPoint

PROJECTS

Techzuno Agency — Full Stack & Design Services — 2025 techzuno.vercel.app/

- Built the agency's full-stack marketing site showcasing service offerings, combining Next.js and the MERN stack with GSAP-powered animations for a polished client-facing experience.

Hostzuno Platform — Web Hosting Services Layout — 2025 hostzuno.vercel.app/

- Developed a responsive web-hosting services layout using Next.js and Tailwind CSS, with MERN stack integration and GSAP animations for an engaging UI.

Visit India — Tourism Showcase & Platform — 2024 visit-india-pi.vercel.app/

- Built a tourism showcase platform highlighting destinations across India using Next.js, Tailwind CSS, and GSAP animations for an immersive browsing experience.

Waterly — Role-Based Marketplace for a Water Product — 2024

- Responsive React + Tailwind CSS product site converted pixel-perfect from Figma, with Firebase Auth for user login and cross-device compatibility.

DevFeed — Developer Social Media Web App devfeed-zero.vercel.app/

- Facebook-inspired social feed for developers that streams live posts from a public community API, with save/bookmark features; deployed on Vercel.

Significo Web Clone — Immersive Canvas & Scroll Showcase — 2024 significo-p2tf.vercel.app/

- Built an immersive, animation-heavy showcase site using Next.js and GSAP ScrollTrigger to recreate a fluid canvas and scroll-based browsing experience.

EXPERIENCE

Full Stack Developer — Techzuno

Jan 2025 – Present

- Developed production-ready client web products, including “Organic” (marketplace) and “Waterly”, using React and Tailwind CSS.
- Converted Figma mockups into pixel-perfect, fully responsive UI components and integrated Firebase Authentication for secure user login.

Frontend Engineer — Techzuno

Dec 2024 – Jan 2025

- Built performant UI components and layouts, optimized rendering speed, and collaborated with designers to implement dynamic, GSAP/Framer-Motion-powered animations.
